Cemetery Price List – August 1, 2023

Lot Prices:

	Resident	Non-Resident
Lot (4' x 10')	\$1,700.00	\$2,000.00

The terms Resident and Non-Resident are defined in the Cemetery's By-Laws.

Each plot purchase includes administration fees and standard cornerstones. Granite cornerstones can be purchased at the cemetery's cost plus a \$125.00 installation fee.

Scattering Garden:

A scattering garden was established in 2022. For those wishing to have some or all their end-of-life cremated remains placed in the Millgrove Scattering Garden, scattering rights may be purchased for \$530 per urn. This right will allow a person's name to be entered on to a stone memorial as outlined in the Cemetery's Bylaws. The cost for the lettering is borne by the rights holder. The lettering style and font must conform to the Cemetery's Bylaws.

Purchase of Additional Cremation Interment Rights:

\$500 per urn per plot to maximum number of 8 (see Cemetery By-Laws)

As per the cemetery's by-laws and in accordance with the provisions of the Ontario Funeral, Burial and Cremation Services Act, the Cemetery shall place 40% of the lot, scattering rights and/or additional cremation interment sale revenue into the Cemetery's Care & Maintenance Fund – or as stated on the Bereavement Authority of Ontario's Care & Maintenance Fund schedule.

Fees:

Excavation fee for a casket - \$1,530.00 per lot, includes excavation (billed separately to cemetery) and a cemetery administration fee of \$400.

While a vault is recommended for casket burials, should a family wish to forgo a vault, there is a \$450 surcharge above the excavation fee of \$1530.00 to cover the costs of tending to excessive grave settlement. If no vault is chosen, families are reminded to ensure that your Funeral Director orders graveside coverings and a lowering device for the casket.
